Anxiety

When I opened the classroom, everyone stopped talking. I noticed that all of them were staring at me. When I was going to my place, I was trying to understand what was wrong. I sat down and one of my friends told me that our teacher had died. I was in shock, because only an hour ago, I saw him near the store during my way to school. I made a glance on my classmates and every student was looking upset and sad, including me. My teacher was one of my favourite teachers ever. He had always helped me with tasks, he was giving me a motivation for study and therefore my passion for study was strong. Nobody didn't know the reason of his death. And I thought that it was strange, because he couldn't just disappear. After the lessons I went home. When I entered my room, the TV was showing the news. I didn't pay an attention and continued doing my homework.

Then I noticed that someone was knocking on the door. After the seconds I stood up and went to the door. There wasn't anybody. Then I remarked that my phone was ringing. It was an unfamiliar number, but I answered it anyway. During the call I was looking out of the window and saw that the street was empty. After I had finished the call, I got dressed quickly. I decided to walk and rose up my mood. After the leaving my apartment I remembered that I ^{had} locked the door twice, that thought made me feel safe.

I was walking in the open air and people were rushing past me. Suddenly I walked faster, because I felt that someone was following me. Then I remembered the news which I heard recently and horrible thoughts started following me. I found the near cafe and when I entered the cafe, the soft music was playing, the smell of coffee filled the room. I sat down and noticed that I was worrying and overthinking everything till the morning. During such things my phone rang. It was my mom. I took it and she said me that today our teacher was bitten by car. I was devastated and I started missing him. But then I realized that I was scared of everything and it's my anxiety.

Finally, I came back home, it made me fully relaxed. Then I accepted a decision not to worry much.
